

Panda[®]recycling b.v.

Agreement according on the Recovery of Green list Waste Paper products for the Production of Finished Paper with Special Reference to Regulation (EC) No. 1013/ 2006, article 18.

Between Shipper:

And Consignee

1) The shipper will supply raw materials/waste paper to the Consignee for the production of finished paper. The shipper is authorised to ship the said raw materials to the Consignee.

2) The Consignee undertakes to take delivery of the said raw materials/waste paper and to recycle them/it in the due and proper manner. He also undertakes to make payment for receipt of the raw/waste materials in accordance with the agreement made with the shipper.

3) The shipper undertakes in compliance with Article 18 of Regulation (EC) 1013/2006 to take back the waste or to ensure its utilisation in other ways and, if necessary, to take care of its storage in the meantime if shipment or recovery of the waste should not be able to be completed in the intended manner or if its shipment has taken place illegally.

4) Should the shipper be unable to fulfil his duties in connection with shipment or recovery (e.g. due to insolvency), the Consignee undertakes to take back the raw/waste materials or to ensure their utilisation in other ways and, if necessary, to take care of their storage in the meantime.

5) Should responsibility for the illegal shipment lie with the Consignee or the failure to complete shipment or recovery in the specified manner fall within the scope of responsibility of the Consignee, the costs for return or temporary storage shall be borne by him.

6) The Consignee shall acknowledge receipt of the goods on the document
